

Drops for ripples, Norge Vision

- *Drops for ripples* vision is to contribute to a better life for especially children in Kenya.
- We want to do so by the provision of and assistance to education.
- We want the education open to all.
- Families with little or no ability to pay tuition and the like, we want to subsidize, so that all children get the same opportunity to education.
- We want to develop good schools / educational institutions with good teachers, which are attractive to all.
- Tuition for one child should be enough to cover the cost of a minimum of two children in the school.

We envision the following model for *Drops for ripples* work in Kenya:

Age	Audience	Measures	Offer
0 - 18	Orphaned / Poor	Foster-homes	Subsidizing and follow-up foster-homes
3 - 6	Orphaned, poor, slumchildren and others	Pre-school in the community	Subsidizing families who are unable to pay tuitutions, uniforms, etc.
6 - 14		Primary-school in the community	
14 - 18	All, special focus on students from our schools	Secondary boarding school	
18 -	Everyone, but especially students from our schools	Vocational training	Must be assessed later on
	Orphaned, poor, slumchildren	University education	Subsidizing and follow-up
